# **Spanish Language Training For Law Enforcement AZPOST Approved**

The Arizona Governor's Office of Highway Safety is pleased to offer a comprehensive language-training program for Arizona's law enforcement community at no cost to the officer or their department. The program consists of two separate classes, a basic five-day course and an in depth ten-day immersion class developed by Partner's in Training Consultants, Inc. specifically for law enforcement and taught by current or retired police officers. For further information, class availability or registration, contact Lt. Marty Moreno at the Arizona Governor's Office of Highway Safety Tucson office (520) 790-5124 or at [mmoreno@azgohs.gov](mailto:mmoreno@azgohs.gov).

Learn how to conduct a traffic stop, a DUI investigation or basic investigation entirely in the Spanish language. Complete a high-risk stop, and issue arrest phrases in Spanish. Increase your officer safety by learning common danger/gang expressions and weapon terminology.
